

Stainless Steel Single-Flex Six Bolt Composite Disc Couplings

Replacement Parts Guide For Single-Flex Stainless Steel Composite Disc Couplings

6Axx-SS REPLACEMENT PARTS GUIDE

- This replacement part guide applies only to standard Single-Flex Stainless Steel CD® Couplings (part numbers 6Axx-SS). Please refer to the appropriate replacement parts guide for other CD Coupling models. Contact the factory for custom designs.
- Please refer to diagram and table below for replacement part numbers and details.
- In the event that the Composite Disc Pack is damaged and needs to be replaced, it is recommended that a new bolt kit also be used.
- Please refer to the 6Axx-SS Installation Instructions for Single-Flex Stainless Steel Composite Disc Couplings for full details on Coupling Assembly and Installation. These can be found at WWW.ZERO-MAX.COM.
