

6Pxx Double-Flex Six Bolt Composite Disc Coupling

Replacement Parts Guide For Double-Flex 6Pxx CD® Composite Disc Couplings

6PXX REPLACEMENT PARTS GUIDE

- This replacement part guide applies only to standard Double-Flex CD® Couplings (part numbers 6Pxx). Please refer to the appropriate replacement parts guide for other CD Coupling models. Contact the factory for custom designs.
- Please refer to diagram and table below for replacement part numbers and details.
- In the event that the Composite Disc Pack is damaged and needs to be replaced, it is recommended that a new bolt kit also be used.
- Please refer to the 6Pxx Installation Instructions for Double-Flex Composite Disc Couplings for full details on Coupling Assembly and Installation. These can be found at [WWW.ZERO-MAX.COM](http://www.zero-max.com).

Model	Hub OD (inch)	Disc Pack		Bolt Kit
